Torpid Liver

Black-Draught "has no equal for headache, sour stomach, torpid liver and feverish colds." declares Mrs. Annie Whitmore, of Gate City, Va. "It is easy to take and does not gripe, as a lot of medicines do," she adds. "It is good to take in a hot tea for colds, or can be taken in a dry powder. I can't say enough for Black-Draught and the sickness it has saved us."

Thedford's

BLACK-DRAUGHT

has been found a valuable liver medicine, in thousands of homes. "I do not use any other liver medicine," says Mrs. Mary O. Brown, of Europa, Miss. "It is splendid for sour stomach, a bad taste in the mouth or torpid liver. I keep it all the time, use it with the children and feel it has saved us many dollars in doctor bills and many days in bed."

Insist on the genuine—Thedford's.

AT AUCTION

FOR DIVISION

Col. John S. Claybrook Farm

620 Acres

620 Acres

At Triune, Williamson County
ON PREMISES

Tuesday, August 24th

2:30 P. M.

Subdivided Into Tracts of 50 to 200 Acres

Location—This farm is located 22 miles south of Nashville, one mile off Nolensville turnpike, at Triune, and two miles from Arrington Station, L. & N. Railroad, on the Murfreesboro-Franklin Road, in one of the best farming sections of Tenn. The land is level to gradual rolling. Most of it can be plowed with a tractor. About 400 acres under cultivation; the remainder in pasture and woodland. The farm is watered by springs and a creek, making it an ideal stock farm.

Improvements—The improvements consist of a two-story frame and brick residence; twelve rooms, two halls, servant quarters; two good barns; granary; brick garage and a number of tenant houses. The residence is surrounded by beautiful shady lawn, on a slight elevation, facing Murfreesboro-Franklin road.

This farm has been in the same family for nearly one hundred years and was never offered for sale until a short time ago. There such a demand for increased production, the owners decided to offer this property in small tracts, believing it best to have a number of small well-producing farms, rather than one large 50 per cent producing one.

TERMS—Will be one-fourth cash, the balance in 1, 2 and 3 years.

POSSESSION—Of the cultivatable land can be had this Fall, in time for seeding.

For full particulars, write us.

G. P. Parker Arrested On Bone Dry Charge.

A man giving his name as G. P. Parker, and claiming to be in the employe of the Burroughs Adding Machine Co., of Nashville, and Q. Jackson, a former citizen of this county, who resides near Gallatin, were arrested in Free State, Monday morning on a warrant sworn out by G L Dudley, charged with violating the Bone Dry Law and transporting liquor. They were in a Dixie Flyer roadster car and had 4½ gallons of white corn liquor and two pistols, 45 and 38 calibre, and an empty 5 gallon vessel.

After spending a few hours behind the bars, they were carried before Esq. R A Montgomery for preliminary hearing.

Parker did not take the stand and was bound over to criminal court and released on a \$250 bond, signed by ten Gainesboro citizens.

Jackson later made bond for his appearance before the November grandjury.

Parker, who looked to be about 30, is reported to have made a statement while in jail, denying being bootlegger, claiming that he bought the whiskey for himself and his ofbite associates at Nashville, and that Jackson came along as a guide. He further stated that he furnished the money and Jackson bought the whisky.

Sheriff Spurlock made the arrest.

H. Grady and C C Gore represented Parker.
